

REVERSE WALKOUT | RANCH | 3-BAY GARAGE

Positioned within the neighborhood to take advantage of wide-ranging views, **Lot 18** is designed for a reverse walk-out ranch with a 3-bay garage. This layout elevates the primary living spaces above street level, creating a greater sense of privacy and a more commanding presence, while the front-facing walk-out lower level brings in abundant natural light. The outcome is a versatile lower level, confident curb appeal, and a home shaped intentionally by its site—an example of how *Renegade* designs transform topography into opportunity.

Each homesite at *Renegade* is oriented to capture sweeping views of North Table Mountain and Denver's Front Range. Plan types are intentionally designated for each site to ensure that views remain unobstructed for all of *Renegade's* residents, and individual plan designs may be customized.
