

REVERSE WALKOUT | RANCH OR 2-STORY | 3-BAY GARAGE

A coveted spacious corner lot situated on a gentle upward slope at the base of the cul-de-sac, **Lot 7** accommodates a reverse walk-out plan (may be either a ranch or two-story layout). This design flips convention, placing the walk-out level at the front of the home to work naturally with the lot's slope. Elevated main living spaces create privacy and presence, while the lower level, facing the street, opens directly outdoors, filling the home with light and flexible living space. It's a bold, intentional design choice—distinctive, functional, and unmistakably *Renegade*.

Each homesite at *Renegade* is oriented to capture sweeping views of North Table Mountain and Denver's Front Range. Plan types are intentionally designated for each site to ensure that views remain unobstructed for all of *Renegade's* residents, and individual plan designs may be customized.
